ACT Lab is an independent, professional third-party ISO/IEC 17025 accredited testing group providing unbiased product evaluation, safety compliance testing, quality control, design, research and development for the bicycle, helmet, motorcycle, outdoor, team sports, children's products, clothing and recreational sports industries. State-of-the-art instrumentation is specifically designed for testing products within these core industries to internationally accepted standards and regulations from CPSC/CPSIA 2008, US DOT-NHTSA, CEN, ASTM, SFI, ISO, Australian, Japanese and American National standards and more.

ACT Lab is committed to provide a higher level of communication, partnership and service; and works with all levels of manufacturing to facilitate business, provide accurate, timely, cost-effective analysis in order for manufacturers to develop the safest products on the market.

#### IAS Accredited

*This laboratory is accredited in accordance with the recognized International Standard ISO/IEC 17025:2005. This accreditation demonstrates technical competence for a defined scope and the operation of a laboratory quality management system (refer joint ISO-ILAC-IAF Communiqué dated January 2009.) The Joint Communiqué is available on publications and resources page of the ILAC website at <http://www.ilac.org>. Accreditation listing and certificate can be found at <http://www.iasonline.org>.*
